

The perfect place to get away and
get up close and personal with
manta rays like never before!

EXPLORE

Unlike most typical beach resorts & spas, guests are in for the experience of a lifetime, with up close and personal interactions with manta rays like never before!

No matter where you go, you're pretty much surrounded by manta rays one way or another, as the resort is built on top of and around a giant manta ray-filled blue lagoon!

Supported above the lagoon are individualized resort bungalows for guests to reside in which come with a built-in see-through acrylic glass basements to provide an underwater perspective.

Each dock comes with food to handfeed the rays and a small two-person wooden row boat to explore the property.
